AX MKIII

.338 LAP MAG / MULTI CAL RIFLE

The latest in a long and distinguished line of combat proven sniper rifles, the AX MkIII multi calibre rifle system is supplied configured as a .338 Lap Mag. Armed with an AI calibre conversion kit, changing calibre is as simple as ABC and takes just a few minutes.

A CHANGE BARREL

Loosen the barrel clamp screw with the hex key (stored under the cheekpiece). Unscrew the barrel, replace with the selected calibre and tighten the barrel clamp screw.

B CHANGE BOLT

Slide the bolt from the rifle, take out the shroud / firing pin and insert it in the chosen calibre bolt. Slide the chosen bolt assembly into the rifle.

C CHANGE MAGAZINE

Magazine external dimensions are identical for all calibres - simply swap out one for another.
